Welcome to the new layout! I thought that Spring would be a good time to change the format of the newsletter, as after nearly 20 years (yes!) I am a bit bored of the same-old-same-old. Actually, 20 years is a really long time for me to stick with anything, being cardinal to my roots, so a change of perspective is well overdue.

It has been an incredibly busy time here, with three new books coming out together. I am absolutely delighted to have *Mapping the Psyche* Volumes 1, 2 and 3 by Clare Martin safely residing within The Wessex Astrologer imprint. Working on them was very peculiar as it all happened in reverse order: Volume 3: *Kairos - The Astrology of Time*, was ready to go before we knew exactly what was happening with the others, and it was only after that volume went to print that I had access to Volume 2, and then Volume 1 to reprint in their beautiful new covers. But all is sorted now, and by the time you get this newsletter the books should be up for ordering either from our website or from your favourite online retailer. All of this craziness coincided with me working on Bob Makransky's *Planetary Combination*, which is a truly awesome and powerful book, so my head is well and truly stuffed with some excellent astrology. Here are the details of all three new titles. Enjoy!

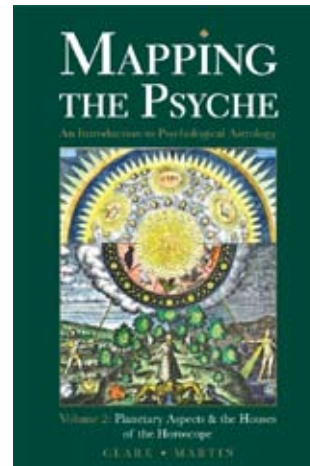

**MAPPING
THE
PSYCHE**
Volume 1:
The Planets &
The Zodiac Signs

Clare Martin

£16.99 + postage

This is a reprint of the original CPA version, which is a transcript of the first term of Clare's astrology course for beginners. The inclusion of the psychological dimension of human life, as well as the profound symbolism of alchemy as a parallel map of the individual journey, make this a fascinating in-depth exploration which will also appeal to all levels of astrologer.

**MAPPING
THE
PSYCHE**
Volume 2:
Planetary Aspects &
The Houses of the
Horoscope

Clare Martin

£18.99 + postage

This is also reprint of the original CPA version, in which Clare explores the planetary aspects and the houses of the horoscope as a dynamic interweaving of polarities: not only the angles, the houses, and their related zodiacal signs are examined from the perspective of complementarity, but also the enigmatic Moon's Nodes, which are interpreted from a fresh and exciting perspective. Suitable and fascinating reading for all levels of astrologer.

**PLANETARY
COMBINATION**

Bob Makransky

£17.50 + postage

Planetary Combination picks up where *Planetary Strength* left off, explaining how the planetary influences combine in aspects and configurations to paint a picture of a person and his or her life. Descriptions of planetary configurations such as grand trines, grand squares, T-squares, wedges, fans, rectangles, kites, and trapezoids provide overall schematics of people's psychological dynamics. An indispensable reference guide you'll consult every time you read a chart.
