AVAILABLE NOW

Given the increasing popularity of the beautiful products from Astrocal, I thought we should get started early this year, as last year they sold out really quickly. In fact all the calendars are now out along with good old Raphael's Ephemeris for 2017 which this year is £8.99 + p&p. Here we go:

The circular design of this beautiful calendar shows the Moon phases set against the astrological wheel and encourages awareness of the lunar cycle as she ebbs and flows. Includes a description and astrological interpretation of the months' planetary movements written by Tchenka Jane Sunderland.

£13.99 + p&p

The Lunar poster shows the phase of the Moon each day for 2017, printed in silver ink. Measuring 30cm x 87.5cm and using GMT it includes:

- phase of the Moon each day
- sign the Moon occupies each day
- full Moon and new Moon times
- eclipse information

Featuring the powerful Callanish Stone Circle on the Isle of Lewis in Scotland.

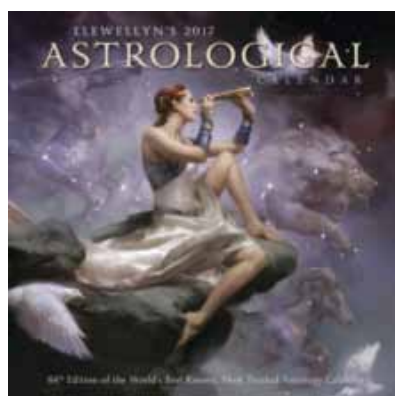

£6.99 + p&p

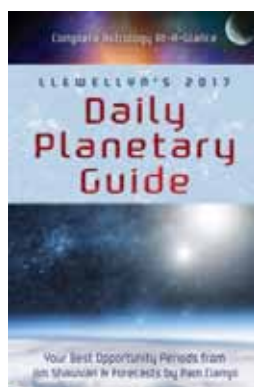

This beautifully designed, full colour, Moon Diary is packed with lunar and astrological information for 2017. Suitable for those just interested in the Moon and her cycle as well as professional astrologers, the diary also celebrates the eight fire festivals throughout the year observing nature through the seasons.

£14.99 + p&p
